ESCAPED FROM JAIL.

Seven Prisoners at Coshocton Secure Their Liberty.

NOT A VERY DIFFICULT TASK.

The Commissioners Have Offered a Reward of Fifty Dollars Each For Their Capture. Disasters on Lake Erie—Massillon Miners May Return to Work—Various Other Ohio State News.

ZANESVILLE, O., Oct. 18.—Prisoners escaped from the jail at Coshocton as follows: William Schaffer, wife-beating; Fred Brightman and George Van Sickle, highway robbery; Joseph Milligan, assault with intent to kill; George Ringwalt, larceny; Charles Perkins and Edward Ferguson, house-breaking.

The prisoners secured admission to the female department of the jail by breaking open a door. With an iron poker they dug a hole through the brick ceiling and ascended to the roof. Some carpenters, who had been repairing the jail, which was damaged by fire some weeks ago, had left ladders leaning against the walls, enabling the prisoners to escape with ease.

The commissioners have offered a reward of \$50 each for their capture.

Clothespin Combination.

CLEVELAND, Oct. 18.—Representatives of a number of leading clothespin factories of the country met here yesterday and formed a combination to be known as the American Manufacturing company. The officers elected were: President, David Howells, Kane, Pa.; secretary and treasurer, H. B. Smith, Laddington, Mich.; directors, A. W. Dodge, Morley, Mich.; M. Brayman, Custer, Mich.; D. K. Parish, Richmond, Va., and President Howells. The new company will control the output and prevent the competition which, the manufacturers say, has been ruinous. The number of clothespins made in this country exceeds 500,000,000 a year.

Disasters on the Lake.

SANDUSKY, O., Oct. 18.—Wednesday during the severe storm the large steamer John Oades, with 2,000 tons of coal, struck on the Starve island reef, tearing a hole in the bottom. The captain of the steamer attempted to run the sinking vessel to Kelly's island, and succeeded in that he got her in 25 feet of water, when she went down. During Tuesday night and Wednesday morning six vessels went ashore, two small schooners still being on and in dangerous positions.

Five Boys at One Birth.

TOLEDO, Oct. 18.—Information from a reliable source has reached this city to the effect that Mrs. John Langdon, residing six miles northeast of Delta, in Fulton county, has given birth to five children, all boys and all doing nicely. People are driving there from all over the country, but thus far only a few have been able to see the little ones, owing to the objections of the mother.

Massillon Miners Recede.

MASSILLION, O., Oct. 18.—District President Mossop of the coal miners called on Mayor Scott yesterday and asked him to hold off the state board of arbitration on the ground that the striking miners would probably accept the results of the Columbus joint meeting, and go to work next Monday. This indicates a direct reversal of the miners' recent independent attitude.

Seventieth O. V. I.

WINCHESTER, O., Oct. 18.—The surviving members of the Seventieth O. V. I. are holding their two days' annual reunion at Decatur, 10 miles below here. The attendance is large, many of the boys from Cincinnati and Columbus being present. The address of welcome was delivered by Rev. I. H. Debraun, ex-chaplain of the Ohio penitentiary.

Gun Exploded.

MARION, O., Oct. 18.—George Jones was fatally injured yesterday afternoon. He and Harry McCombs were shooting at a mark when the gun accidentally exploded in the hands of McCombs and a piece entered the right thigh of Jones. His death is expected at any moment.

Gift to Oberlin College.

OVERLIN, O., Oct. 18.—Marx Straus, a wealthy citizen of Elyria, has given to Oberlin college the entire hotel block here, which is valued at \$50,000. Mr. Straus formerly lived in Oberlin and was engaged in the dry goods business here. The gift was given with an annuity attached.

One Farmer Shoots Another.

IRONTON, O., Oct. 18.—At Burlington, Wednesday night, Isaac Dotson shot and instantly killed Orin South. Objections to South's attentions to his stepdaughter inspired the deed. Both are farmers. Dotson gave himself up, claiming self-defense.

Bicycle Caused His Death.

DELAWARE, O., Oct. 18.—J. H. Weiser of Milford Center died at his daughter's home yesterday. His death resulted from a bicycle knocking him down some time ago and aggravating the disease from which he was suffering.

Woman Seriously Burned.

FREMONT, O., Oct. 18.—Lena Fisher was seriously burned yesterday, her clothing igniting from a gas stove. She is now in a precarious condition. Her mother, in trying to put out the blaze, was also badly burned.

Wheels Go Round Not.

TOLEDO, Oct. 18.—All the toolmakers at the Toledo bicycle factories, with one exception, struck at noon yesterday.

THE QUEEN'S BODY BURNED.
Further Details of the Recent Uprising in Corea.

NEW YORK, Oct. 18.—A special to The Herald from Seoul, Corea, says: The crown prince, who was with the queen when she was murdered, has secretly sent from the palace a statement giving a description of the assassins, by which they are identified as Japanese. The Japanese government gives ample assurances that every guilty person will be punished. The plot originated with disgraced Corean officials, who employed Japanese soshi and corrupted the Japanese troops. The colonel of the palace body guards, who saw the Japanese assassins enter the queen's apartment with swords, says he afterward saw them burning the body. Proofs are said to exist connecting the Japanese minister with the plot.

Procurator Kamura and a commission have arrived from Japan to investigate the outbreak. There have been more arrests of Japanese soshi. Japanese have been forbidden to come to Corea without the consent of the Japanese authorities. The usurper, Tai Wu Kun, issues a proclamation saying he is in the palace to secure peace. The cabinet is not recognized and is falling to pieces. Six official refugees are in the United States legation. The flagship Baltimore is coming to Chemulpo and a Russian fleet is expected.

The Bear Complainant.

NEW YORK, Oct. 18.—A special to The Herald from St. Petersburg says: Russia at present is inclined to allow Japan a free hand in Corea in connection with the present outbreaks. As a sign of pacific intentions, the governor of the Amoor, General Doukhovskiy, has been granted leave to come to St. Petersburg.

INDIANA NATIONAL BANKS.

A Gratifying Exhibit Made by Them to the Comptroller.

WASHINGTON, Oct. 18.—The statement of the condition of the national banks of the state of Indiana at the close of business Sept. 28, made in response to the call of the comptroller of the treasury, shows a gratifying financial situation in the Hoosier state. The average reserve held is 33.94 per cent, while the law requires but .5 per cent.

Out of 17 states which have reported thus far, but two of them, Arkansas and Arizona, show a higher per cent in average reserve held.

The amount of loans and discounts in Indiana banks is \$35,120,914; amount of reserve is \$63,029,967, of which \$4,178,224 is in gold. The individual deposits are \$34,151,421.

Killed in a Wreck.

BEREA, Ky., Oct. 18.—Early yesterday morning as a Louisville and Nashville construction train was backing up to Gap Tunnel, three miles south of here, the engine and several flatcars were derailed and badly wrecked. Bud Thomas, a colored laborer from Mount Sterling, Ky., was instantly killed. William Burns, also colored, was seriously injured. Several others were slightly bruised.

A Family Row.

BRAZIL, Ind., Oct. 18.—During a family row yesterday Harry Loyd stabbed and probably fatally injured his brother-in-law Dan Pitway. Loyd went to Pitway's house to see his sister, and while there engaged in a quarrel with his brother-in-law, who struck at him with his fist. Loyd dodged the blow and sank the blade of a large knife in Pitway's side. Loyd has been arrested.

An Unknown Killed.

PORTLAND, Ind., Oct. 18.—At midnight two tramps discovered the body of a man lying between the rails on a trestle here. The corpse was nearly cut to pieces, and it is supposed that the stranger, while drunk, was struck by a Lake Shore and Western freight train. He was unidentified, but an envelope in his pocket bore the address of John P. Thackery of Baltimore, O.

A Spurster's Money.

JEFFERSONVILLE, Ind., Oct. 18.—On Tuesday last Sarah Lewman, a wealthy but very eccentric spinster, died of old age. She left an estate valued at \$50,600, but no will. Her heirs are distant relatives. In addition to her property, yesterday there was found a sum of money amounting to fully \$5,000 stuffed in the cracks of her old house. The search is being continued.

Fell From a Tree.

LOGANSPORT, Ind., Oct. 18.—Charles Morris of Sedalia met with a fatal accident yesterday while gathering nuts a few miles from town. He climbed a tree and stepped upon a rotten limb, which broke under his weight, precipitating him to the ground. He struck on his head, fracturing his skull, and died before he could be taken home.

Nine Years For Murder.

ALBION, Ind., Oct. 18.—Bill Knepper was sentenced to nine years in the penitentiary yesterday for manslaughter. Last June he and John Monk became involved in a drunken fight, and Monk received injuries from which he died a few weeks afterward. Knepper hit Monk on the head with a club, and fractured his skull.

Missionaries Want Damages.

LIMA, Peru, Oct. 18.—The missionaries who were expelled from Cuzco by the prefecto in August, last, has presented a claim through the British minister for damages for their expulsion, alleging infraction of the constitution of Peru and of the treaty with Great Britain.

Hasty Movement of War Vessels.

LONDON, Oct. 18.—An Odessa dispatch to The Times says that the Black sea Russian fleet has been hastily ordered to cruise near the mouth of the Bosphorus.

OUR HUNDRED DEAD

Extent of the Recent Outrages in Armenia.

FURTHER DISTURBANCE FEARED.

The Armenians Have Been Deprived of Their Weapons and the latter Given to Mussulmans—Large Quantities of Arms Distributed to the Turks—An Investigation Being Made.

CONSTANTINOPLE, Oct. 18.—Some of the Armenians who reopened their stores, thus disobeying the orders of the Armenian committee, have been fined, and three merchants, it is asserted, have been compelled by threats to pay this committee between 300 and 400 Turkish pounds each. The matter was brought to the attention of the Turkish authorities, and as a result several members of the Armenian committee who took part in forcing the Armenians to close their stores have been arrested.

According to the latest information received here from Trebizond, Armenia, 400 persons were killed during the recent rioting there. The grand vizier, Kiamil Pasha, has issued an order holding the governor of Trebizond responsible for all loss of life hereafter through political or religious disturbances.

An eyewitness of the Trebizond massacre says that the Armenian quarter there was completely sacked, and the mob only desisted when there was nothing left to pillage or to kill. The soldiers assisted in the massacre with their rifles.

The better class of Turks gave protection and shelter in their own houses to Armenian women and children, so that none of these were killed in the town itself. These Turks obtained permission for the Armenian refugees to shelter themselves in the barracks during the following night, when it was feared the massacre would be renewed.

Several Armenian villages outside of Trebizond were burned and pillaged and lives there were also taken.

Reports received here from various districts of Anatolia say that the Armenians have been deprived of their weapons, and that the latter have been given to Mussulmans. In addition, in the district of Kharput, quantities of arms have been distributed to the Turks. When the vali of Kharput was questioned on the subject he said that if the Armenians remained quiet no harm would come to them.

SHADOWED.

A Strange Woman Dogging the Footsteps of Mrs. Durant.

SAN FRANCISCO, Oct. 18.—The condition of Attorney Eugene Deaprey, counsel for Durant, is still more improved, although it can not be said he is making rapid progress toward recovery. General Dickinson has decided to proceed with the trial Monday without the aid of Mr. Deaprey, if he remains indisposed at that time.

Durant was considerably worked up when a report reached him that confidence workers had been attempting to mulct the residents of the West End by soliciting cash subscriptions to assist in defraying the expenses of his trial. "It seems as though every one was conspiring to injure myself or my family, and if it is not in one way it's another. If we hadn't a cent in the world, we wouldn't go begging to the public."

Mrs. Durant is also being annoyed from another quarter. For several days past a woman has followed her wherever she has gone, keeping up a most persistent shadowing. Mrs. Durant has not been able to learn w^to the woman is or for what she is being followed. She has several times tried to turn and meet the woman, but each time her shadower has cleverly disappeared. Mrs. Durant is considerably alarmed, as she is at a loss to know the object of the woman's strange actions.

TWO SHIPS LONG OVERDUE.

Probability That the Lord Spencer and Achilles Are Lost.

SAN FRANCISCO, Oct. 18.—It is just 190 days the British ship Lord Spencer left this port for Queenstown, and not a word has been heard from her. That the English underwriters have fears for her safety is evidenced by the fact that reinsurance has gone steadily up from 10 per cent to 70 per cent.

Much concern is also expressed for the British bark Achilles, bound from the west coast of South America for Hamburg. This is the vessel which picked up Captain McClune and his wife and crew of the wrecked American ship Arabia in midocean. The castaways were landed at Montevideo and the Achilles set sail from that port on July 1, and has not since been heard from.

Man and Woman Lynched.

FRANKFORT, Ky., Oct. 18.—Reports have reached here of the hanging of James Willis and Susie Bottoms, colored, with whom he was living, near Gratz, Ky. Several parties who came up the river say the bodies are still hanging where the mob left them. Willis and the colored woman were ordered out of the city by the police judge about a month ago and they took a shantyboat and went down the river.

RUSHVILLE, Ind., Oct. 18.—Edward L. Shell, a traveling salesman of Fort Wayne, confined in jail here for 34 days, in default of bond, has been released, Judge Miller sustaining a motion to quash the indictment against him. The prosecuting witness was H. H. Barnard, who alleged that Shell forged his name to a statement. Shell left at once for Indianapolis.

EX-CONSUL WALLER'S CASE.

The United States Will Probably Demand the Release of the Prisoner.

WASHINGTON, Oct. 18.—It has been understood all along that the fate of ex-Consul Waller, who is still held in imprisonment by the French at Marseilles, hinged at the proceedings of the court-martial which sentenced him, and therefore the state department has directed its efforts mainly to securing a copy of the record of the court. Now that the record is in Paris a careful examination of the documents is being made, and already there have been developed some points that in the end may form the basis of a demand for the release of the prisoner.

In at least two points it has been found that the proceedings of the court-martial were in violation of the French law, and if such a case arose in the United States this would be sufficient ground for the setting aside of the proceedings and the sentence and the release of Waller.

In the first place the court was composed of five officers, whereas the French military regulations are said to require at least seven persons to sit on the court. But more important than this, it has been discovered that Waller was not really tried as charged, but that as the trial progressed evidence was taken on an other charge not included in the original matter and that it was upon what might be called a supplementary, but irregular charge that Waller was convicted.

Aside from the other points in the case, this matter of irregularity of the proceedings may in the end go far to make up the case of our government as presented through Ambassador Eustis.

TWO AMERICANS KILLED.

A Mexican Guide Suspected of Doing a Foul Crime.

HERMOSILLO, Mex., Oct. 18.—George T. Harrison and J. F. Baker, two mining men from Colorado, arrived here about 10 days ago and left on the following day for the Yaqui Indian country, where they had been told were to be found rich gold mines. A Mexican guide accompanied them.

The guide returned here yesterday and reports that they met a party of Yaqui Indians braves 100 miles southeast of here and that the Indians fired upon the Americans, killing both men.

The guide claims that he was kept a prisoner for two days and was then released, after first being admonished to never revisit the country again. The guide is being held here until his story can be investigated. He is suspected of having murdered and robbed the Americans.

Biggest Sisal Cargo.

BOSTON, Oct. 18.—The largest cargo of Mexican hemp, or Sisal grass ever brought to this port has arrived on the British steamship Vameria from Progresso, Mex. The Vameria is a new steamer, having been completed on the Clyde only last month. She sailed from Glasgow direct for Progresso, where she was loaded for her present trip. The new ship is built of steel, and registered 1,745 tons net, and 2,710 tons gross. She is 300 feet in length, 42 feet breadth of beam, and 19 feet depth of hold. The Vameria has been chartered by the Munson Steamship company of New York, and will make several trips to this port.

A Slump in Iron.

NEW YORK, Oct. 18.—The Iron Age says: All the leading markets reflect the same general condition, a dreary dullness in business when contrasted with the rushing trade of past months. Bessemer pig is dull in the valleys at nominally \$14.35 to \$14.50, while billets have got down to \$20.75 to \$21, Wheeling. There has been a sagging off in the principal lines of finished material, with very few contracts placed that are worthy of notice. Relatively, foundry iron is holding its own remarkably well. It is weaker, no doubt, but keeps pretty close to the maximum figures reached during the rise.

Gas Well in Kentucky.

LEXINGTON, Ky., Oct. 18.—Considerable excitement has been created over the discovery of a gas well in this country, five miles from Lexington, on the farm of the famous turfman, Major B. G. Thomas, who was born in 1814. He struck gas 60 feet from the surface. A pipe was attached to the mouth of the well and a flame of several feet lit up the country for a long distance around. Major Thomas formerly owned the celebrated stock farm "Dixiana," and is one of the most famous turfmen in America.

Conflict in Syria.

BEYROUT, Syria, Oct. 18.—Considerable excitement prevails in the Lebanon district owing to conflicts which have taken place between the Druses and Mutualists, in which men have

EX-GOVERNOR CAMPBELL has got the Republicans on the run over in Ohio already, and he hasn't been on the stump two weeks.

For the month of August the exports of manufacturers from the United States were valued at \$19,050,924, the largest amount for a single month ever sent out of the country. Under the Wilson bill, too! Well! What will the Republicans do, anyhow?

THE Vanceburg Sun says that Colonel Bradley spoke to "at least 700" at that place on his recent visit. The representatives of the Lexington Leader and Louisville Commercial put the crowd up into the thousands. As campaign liars they are strictly in it.

J. B. FORAKER, the Ohio fire-eater, is out in a challenge to Senator Brice to meet him in joint debate. J. B. knows whom to tackle. This is ex-Governor Campbell's campaign, and Foraker does not have to be told so; but he will keep at a safe distance from Campbell, you bet. He hasn't forgotten his experience a few years ago when he tackled the latter gentleman.

SENSATIONAL developments continue as the result of the investigation of the affairs of the City Attorney's office at Pittsburgh by the sub-committee of the Council. The Auditors have already figured out a shortage of \$100,000, and it is said that before the investigation is closed it will be shown that the city is a loser of at least \$500,000. The Investigation Committee has requested the Council to institute criminal proceedings against the City Attorney and his assistant. Let's see, hasn't Pittsburgh been a Republican stronghold these many years?

JUDGE HARRY WARD, of Cynthiana, is eighty-one years of age, and is one of the oldest Democrats in the State, and one of the truest. Notwithstanding his advanced years, he is still ready to take the stump and do all he can for the ticket. And he will vote it straight. Here's what he says:

I heartily endorse the platform adopted by the Louisville convention and am a sound-money Democrat, but I am in favor of electing our whole ticket, silver or no silver. A State has no power to coin money, but we all know that the Republican party is capable of coining all manner of mischief.

He talks straight and will vote that way. There's no discounting Judge Harry Ward's Democracy.

NEWS FROM THE FIGHT.

The Reported Disaffection Greatly Magnified—Democrats Will Vote the Ticket.

[Frankfort correspondence of the Courier-Journal.]

The Hon. J. T. Simon, of Cynthiana, Commonwealth's Attorney in the Eighteenth judicial district, is in the city. Mr. Simon is one of the best-informed politicians in his section of the State and brings cheering news from his home and neighboring counties. The reported disaffection there, he says, has been greatly magnified, and he thinks that not exceeding half a dozen Democrats in Harrison County will scratch the Democratic candidate for Governor. This situation, he thinks, prevails over his entire judicial district. The people there are aroused and a full vote will be polled by both parties. Mr. Simon says the Democrats are much pleased with the Hon. R. T. Tyler, the nominee for Lieutenant Governor, who has been stumping that section and has made a most favorable impression wherever he has spoken.

Commissioner of Agriculture McDowell returned to-day from his home in Boyle County. In regard to the situation there he said: "My observation is that the Democrats in my county are going to vote for the whole State ticket. While many of them do not approve of Mr. Hardin's course in regard to the currency question, they do not regard this as sufficient cause to justify them in withholding their support from him and you can put me down as saying that I expect there will be less scratching in Boyle than in almost any other county in the State."

PITY THE POOR.

Judge Pugh Makes a Mess of It Introducing Boss Bradley at Vanceburg.

[Cincinnati Enquirer.]

VANCEBURG, KY., Oct. 15.—Congressman S. J. Pugh created a sensation yesterday afternoon in introducing Colonel W. O. Bradley to the audience. He made a speech in which he tried to create sympathy for the Colonel among the poor.

"Col. Bradley is a very poor man," he said. "He has not to-day the second suit of clothes to his back, and I'd venture to say that he has not got money enough to buy a change."

Bradley winced at this, and Judge Thomas hung his head.

A DISGRACEFUL CAMPAIGN.

Republicans Resorting to Disreputable Methods in the Present Fight.

[Carlisle Mercury.]

It's an actual disgrace to Kentucky the manner in which the Republicans are sending news abroad in regard to the people of our State. Last Saturday some miscreant threw a rock through a car window and the news is telegraphed all over the country that an attempt was made to assassinate Col. Bradley. The correspondent of the Cincinnati Commercial Gazette at Maysville sends out the following, viz:

While Colonel Bradley, the Republican candidate for Governor, was en route to this city to speak yesterday some person threw a rock through the car window where Colonel Bradley was sitting. The rock missed Colonel Bradley, but if it had struck him he would in all probability be unable to fill his engagement here. A drunken Democrat who persisted in yelling for Hardin at Colonel Bradley's speaking here yesterday had to be removed from the court house by two policemen. Colonel Bradley's trip from Paris to this city attracted more attention than was ever before given to a public man in Kentucky. The people at the stations along the line of the L. and N. road learned that the next Governor of the State was to be aboard the train and they turned out at every station to get a look at the man who was so much talked of for Governor. Wherever crowds were assembled Colonel Bradley appeared upon the platform and shook hands with the people. At Carlisle he was greeted by several hundred people, headed by a band. There he spoke for about ten minutes, the train waiting for him to address the people. As the train pulled out the Colonel was cheered and the band played "Down With the Frankfort Ring," a song composed by a local author.

The facts in regard to the above are these: Some miscreant threw a rock into the front car of a train near Maysville on which Colonel Bradley was traveling—but he was not in the car the rock struck. At this point about 150 people were gathered at the train on which Colonel Bradley was, two boys having gone about the streets beating two drums and attracting a crowd. Our folks had never seen Colonel Bradley and it was quite natural that they should go to the train to see him. There was no band there and of course no song written by a local author was played. As we have said before the man who believes what he reads in some of the daily papers during this campaign is a rank sucker.

MR. W. P. MARSH, of Lawrenceburg, Ky., was in town yesterday and favored the BULLETIN with a call. He is a Populist of the strictest sort, and is on a speech-making tour of the State in the interest of his party's ticket. He expected to speak here yesterday, but his coming had not been announced. Mr. Marsh left last night for Quincy, Lewis County, where he speaks to-day. Tomorrow he will speak at Vanceburg.

Mr. Trotter was here recently and preached twice. Not only the members of the church, but everybody else who heard him were greatly pleased with him. The church was unanimous in extending the call, and there is little doubt that he will accept.

He has been pastor at Brownsburg for ten years. He is about forty years of age, married and has four children.

CAHILL, THE NOMINEE.

The Democratic Convention Named Him For Representative by Acclamation.

Mr. James E. Cahill is the Democratic nominee for Representative in the next General Assembly of Kentucky.

The county convention yesterday was enthusiastic and harmonious, and Mr. Cahill was honored with the nomination acclamation.

The meeting was called to order at 1 o'clock and a permanent organization was effected by the election of Dr. Adamson for Chairman and Mr. T. D. Slattery for Secretary. All the precincts were represented, and their credentials were received as presented.

The convention at once got down to business. Ex-Senator Worthington, in an eloquent and telling speech, nominated Mr. James E. Cahill for Representative. Mr. Robert Marshall moved that the nomination be made by acclamation. Mr. G. W. Sulser seconded the nomination and the motion, and the vote was unanimous.

Messrs. L. W. Galbraith and G. W. Sulser were appointed a committee to notify Mr. Cahill of his nomination.

The nominee was presented to the convention and was given an enthusiastic reception. He accepted the nomination and stated that his only ambition was to serve the people of Mason faithfully. On the financial and other questions he said he would be governed by the voice of Mason's Democracy. He was not running in the interest of any man, any ring or any clique, but if elected would aim always to represent the people.

On motion the convention unanimously pledged the united support of the Democracy of the county to T. B. Harrison for Senator, and to the entire Democratic ticket.

The convention then adjourned.

The nominee for Representative is well and favorably known throughout the county. He is one of Mason's most substantial farmers and best citizens. He is esteemed wherever known, is conservative in his views and is a man whom everyone can support with pleasure.

MC CREAMY AND FOX NUPTIALS.

Fleming's County Clerk Weds One of Mason's Fairest Daughters Last Evening.

The Mayslick Christian Church was the scene of a brilliant nuptial event last evening.

At 6 o'clock, Mr. James W. McCreary and Miss Susie D. Fox were united in marriage, Rev. F. M. Tinder officiating.

The groom is a popular official of Fleming County, having held the position of County Clerk for some time. His bride is a daughter of the late Captain W. P. Fox, and is one of Mayslick's lovely and most estimable young ladies.

The couple were guests at the Central Hotel last night, and left this morning on their bridal trip.

Physical Culture and Oratory.

Dr. C. W. Emerson, President of the Emerson College of physical culture and oratory, of Boston, Mass., says of Mrs. Blanche C. Martin. "Mrs. Martin is an earnest, faithful scholar and teacher of oratory. She possesses a deep knowledge of the subject and the philosophy which underlies it. She is a very superior teacher and an impressive public reader and lecturer. She is a power for good wherever she is. I most cheerfully and heartily recommend her to all who wish to employ the services of a first-class teacher of oratory. She stands high in the estimation of all who know her as a woman, scholar, artist and teacher."

It is the good fortune of the public schools of Maysville to have under this enthusiastic worker more than eighty of its teachers and pupils, and that they duly value their rare opportunity is attested by their live interest in the work. Mrs. Martin will give a dramatic reading at the high school Monday evening at 8 o'clock. Let a large audience show their appreciation of her superior talent.

J. MCKENZIE Moss, of Bowling Green, wedded Miss Mayme Brewer, of Danville, this week. Miss Letitia Stevenson, daughter of the Vice President, was one of the guests.

ASHLAND News: "Baseballist Bruner, of the Gallipolis team, is playing in his usual hard luck. Despite the fact that he has been a most important factor in the winning of each victory the team has secured this season, the generous management refused absolutely to give him a share of the benefit proceeds of last week. Very short, that."

ST. PATRICK'S CHURCH was crowded last night to hear the eloquent Jesuit who is conducting the mission that commenced last Sunday. He preached on death and while this is one of the things the poor human doesn't care to be reminded of yet the Father was given the closest attention throughout. Everybody cordially invited to attend.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malaria poison. Headache, Indigestion, Constipation, Dizziness, yield to Electric Bitters. Only fifty cents per bottle at J. James Wood's drug store.

EX-MAYSVILLIANS PROMOTED.

Neal Leach and O. L. Mitchell Going to the Front in the Railway Business.

[Chattanooga Times, Oct. 12th.]

O. L. Mitchell, the newly appointed division passenger agent of the Cincinnati Southern with headquarters in Chattanooga, arrived yesterday morning and took charge of the office vacated by J. Lytle. Traveling Auditor Carroll, of the Queen and Crescent, came with Mr. Mitchell and checked over the Alabama Great Southern and the Cincinnati Southern tickets to Clint Conn, who has been appointed city ticket agent of the two roads.

"No, I have heard nothing official about a consolidation of the offices of the Cincinnati, New Orleans and Texas Pacific and of the Southern here," said Mr. Mitchell. "There will not be a consolidation for some time at any rate."

Mr. Mitchell, the new division passenger agent, is a Kentuckian by birth. He entered railroad service about four years ago as traveling passenger agent of the Cincinnati, Hamilton and Dayton, with headquarters at Cincinnati. On Jan. 1, of this year, he went to Knoxville, as traveling passenger agent of the Queen and Crescent. A few weeks ago he was transferred to Birmingham from which place he comes to Chattanooga. Mr. Mitchell is a young man but none the less capable and efficient in the passenger business, as his rapid promotion shows.

NEAL LEACH GOES HIGHER.

Neal M. Leach, the former well-known Chattanooga, has been appointed commissary agent and paymaster of the Queen and Crescent lines south of Meridian, with headquarters in New Orleans. Mr. Leach was for a number of years connected with the commissary department of the Alabama Great Southern. Oct. 1 he was made chief of commissary of the "Flower roads," and has been further promoted by appointment as paymaster of these lines, succeeding Chas. Patton in that position. In the department of railroad work in which he has been engaged Mr. Leach has earned a well-deserved reputation for efficiency. His last promotion evidences the fact that he has a bright future before him in his chosen field of labor.

Mr. Leach is the eldest son of Mr. and Mrs. C. S. Leach, while Mr. Mitchell is a son of Dr. John A. Mitchell, the dentist. These young men have a host of friends in Maysville who will be glad to learn of their success in their chosen line of business.

THE Journal says the prospect now is that the proposed turnpike from Aberdeen up the river to the Adams County line will be built within the next year. The Brown County Commissioners and Surveyor are at work this week locating the line.

THE Ashland News, a non-partisan paper, places the crowd at the Republican barbecue and free lunch Wednesday at 8,000, drawn from three States. But that's far too low an estimate for the reporters of Republican papers. The Louisville Commercial representative says there were 15,000 people present. A difference of 7,000, however, is of small concern to the Commercial. It loves to publish false figures.

KENTUCKY MASON'S.

Doings of the Grand Lodge in Session at Louisville This Week.

Other Matters.

The Grand Lodge of Masons of Kentucky has been in session at Louisville this week. In the report of Grand Master Holman, he stated that the Masonic Home is in excellent condition.

There are 265 widows and orphans in the home whose maintenance costs about \$100 each per year, or a total of \$26,500. Extraordinary expenses for grading and paving street, replacing worn-out water and steam pipes, etc., last year, left a deficit to the amount of \$4,000, which has not been made good.

A free will offering by each Mason in the State was suggested by him as the best way to raise the money.

Grand Treasurer John H. Leather's report showed that the receipts during the year had been \$16,620.77, and that the disbursements had been \$7,593.79, which left a balance in the treasury of \$9,026.98.

PROMISING.

Are the Reports Received by Kentucky Democratic Managers.

LOUISVILLE, Ky., Oct. 15.—Major Norman, the Chairman of the Democratic State Campaign Committee, returned from Frankfort this afternoon, and is again busy at the Democratic headquarters. He says that the political situation has changed very much for the better in the Blue Grass, and what few dissatisfied Democrats there are will vote for General Hardin in preference to Colonel Bradley and the Republican ideas back of him.

Secretary Ingram, of the committee, is feeling more hopeful than ever that the Democratic ticket will get a good and decisive majority at the coming election. Every letter that comes in from the counties of the State brings encouraging news to the organization, and the party seems to be in most excellent shape all over Kentucky. The Democracy generally is aroused and well organized, and lines are closer drawn than they have ever been in a State campaign in Kentucky.

River News.

The Ironton ferryboat was grounded for six hours in midstream one evening this week.

Bay Brothers' fleet of steamers, the Chevalier, Henry M. Stanley, Ruth and Georgia, are laid up during the low water at Ironton.

CINCINNATI Tribune: "Eight feet of water in the Ohio river from Cairo to Pittsburg the year round would double the population of the valley within two or three decades. Few people know that the Ohio Valley is the scenic equal of the Hudson. They are in ignorance because the proper facilities at the most desirable seasons are not afforded those who travel for pleasure and instruction. With boats like the Hudson river steamers the travel would be great at all times, and in certain seasons it would tax the capacity of the largest floating palaces. What the lakes have been to Chicago the Ohio should be to the cities that are washed by her waters."

"Grassland."

This magnificent estate, situated near Lexington, is offered at private sale as will be seen in another column. There is no such a body of land of equal extent in that part of Kentucky for sale. The advertisement does not exaggerate either as to the improvements, quality, timber, water or other advantages.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

MILAN (Tenn.) exchange: "Several friends were at the noon train Thursday to see Miss Hattie Hamilton, who was married Wednesday at her home in Maysville, Ky. The fortunate winner of her heart and hand was Dr. Harper, a prominent young dentist of Bonham, Texas. He became acquainted with her while she was teaching music in that place. Miss Hattie is well known here, she having taught music here for two seasons, and has a host of warm friends. She is possessed of all the traits that make woman lovely, and is an excellent vocalist. She will be a valuable addition to her new home. May the silvery cords of happiness ever entwine the lives of the young couple and bind them as one until death's keen sickle shall rend them asunder."
